

4K Ambilight TV

- 121 cm (48") Ambilight TV
- P5 AI perfect picture engine
- Dolby Atmos sound
- Google TV™

48OLED808/12

Gorgeous. In every way.

4K Ambilight TV

From films to shows, the lifelike picture and full-bodied sound of this OLED TV combine with Ambilight's immersive halo to give you an exceptional experience. The dark metal frame and zero-bezel design brings the elegance.

Benefits

[4K OLED Ambilight TV. Designed to mesmerise.](#)

- More immersive than ever. Ambilight TV.
- Whatever you watch, a picture so real. P5 engine with AI.
- Bright OLED screen. See every detail even in a well-lit room.
- Premium design. Packed for the future.
- OLED EX panel. Higher peak brightness and thinner bezel.

[Extraordinary detail. Flexible sound.](#)

- Bring IMAX home. IMAX Enhanced certified.
- Cinematic vision and sound. Dolby Vision and Dolby Atmos.

- Philips Wireless Home System powered by DTS Play-Fi
- Supports all major HDR formats.

[Seamless in every way.](#)

- Epic gaming. 120 Hz, ultra-low lag, G-sync, VRR, FreeSync.
- Entertainment you love, with a little help from Google.
- Voice control. Google Assistant. Works with Alexa.

Features

Next-gen Ambilight

With next-gen Ambilight, LEDs behind the screen immerse you in a halo of colourful light that's more detailed, better defined and more in sync with the

PHILIPS

OLED

action than ever! Plus, you can liven up a blank screen with the Aurora-curated collection of images and videos, which look great with Ambilight.

P5 AI perfect picture engine

Philips P5 processor with AI delivers a picture so real it feels like you could step right into it. A deep-learning AI algorithm processes images in a manner similar to the human brain. No matter what you're watching, you get lifelike detail and contrast, rich colour and smooth motion.

Bright OLED screen

Premium design

The ultra-thin metal bezel lends a real sense of style while the satin-chrome swivel stand makes placement a breeze, and the remote control is backlit for ease of use. Our TV packaging uses FSC-certified recycled cardboard and our printed materials use recycled paper.

IMAX Enhanced

Welcome to Hollywood! Your Philips OLED TV lets you experience the full impact of films originally made to play in IMAX cinemas. Feel immersed with a far greater sense of scale. See more in every scene. Combined with Ambilight, you're in for a film night to remember.

Dolby Vision and Dolby Atmos

With Dolby Vision and Dolby Atmos on board, your films, shows and games look and sound incredible. See the picture that the director wanted you to see — no more disappointing scenes that are too dark to make out! Hear every word clearly. Experience sound effects like they're really happening around you.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

DTS Play-Fi

You get great, clear TV sound straight out of the box. If you want more, the Philips Wireless Home System with DTS Play-Fi lets you connect to compatible soundbars and wireless speakers around your home in seconds. You can even create a home cinema surround-sound system using your TV as a central speaker.

Epic gaming

Play without limits and immerse yourself in OLED's incredible realism! HDMI 2.1, a blazing-fast 120 Hz native refresh rate, and ultra-low input lag get the best out of next-gen gaming gear with fluid, responsive gameplay and super-smooth natural motion. Ambilight's gaming mode brings even bigger thrills.

Google TV™

What do you want to watch? Google TV brings together movies, shows and more from across your apps and subscriptions, and organises them just for you. You'll get suggestions based on what you like, and you can even use the Google TV app on your phone to curate your watchlist on the go.
