

Data sheet household washing machines

In acc. with delegated regulation (EU) No. 1061/2010

Miele		
Model name / identifier	WMF121	
Rated capacity ¹	kg	8,0
Energy efficiency class		A+++
A+++ (most efficient) to D (least efficient)		A+++
Annual energy consumption (AE _c) ²	kWh/year	137
Energy consumption of the standard "60 °C cotton programme" at full load	kWh	0,73
Energy consumption of the standard "60 °C cotton programme" at partial load	kWh	0,72
Energy consumption of the standard "40 °C cotton programme" at partial load	kWh	0,34
Weighted power consumption in off-mode (P _o)	W	0,10
Weighted power consumption in the left-on mode (P _i)	W	3,00
Weighted annual water consumption (AW _w) ³	Litres/year	9.900
Spin-drying efficiency class		A
A (most efficient) to G (least efficient)		A
Maximum spin speed ⁴	1/min	1.600
Remaining moisture content ⁴	%	44
Standard programme to which the information in the label and the fiche relates ⁵		Cottons 60/40 with arrow
Programme time of the standard programme		
60 °C cotton programme (full load)	min	179
60 °C cotton programme (partial load)	min	179
40 °C cotton programme (partial load)	min	179
Duration of the 'left-on' mode (T) ⁶	min	15
Airborne acoustical noise emissions		
Washing phase ⁷	dB(A) re 1 pW	47
Spinning phase ⁷	dB(A) re 1 pW	72
Built-in		-
<p>● Yes, standard feature</p> <p>¹ In kg of cotton for the standard "60 °C cotton programme" at full load or the "40 °C cotton programme" at full load, whichever is the lower.</p> <p>² Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.</p> <p>³ Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load. Actual water consumption will depend on how the appliance is used.</p> <p>⁴ Attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the lower, and remaining moisture content attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the greater.</p> <p>⁵ these programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water consumption.</p> <p>⁶ If the household washing machine is equipped with a power management system.</p> <p>⁷ For the standard "60 °C cotton programme" at full load.</p>
