

Product fiche pursuant to Delegated Regulation (EU) no. 392/2012

Tumble Dryers	Answer
Supplier's Name or Trade Mark	Bosch
Model	WTA79200GB
Rated capacity in kg of cotton laundry for the standard cotton	7 kg
Air vented, condenser or gas fired	Air Vented
Energy efficiency class	C
Electric Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh per year, based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low -power modes. Actual energy consumption per cycle will depend on how the appliance is used"	Energy consumption 504.0 kWh per year, based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low-power modes. Actual energy consumption per cycle will depend on how the appliance is used
Gas Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh Gas per year, based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low -power modes.	N/A
Automatic tumble dryer or Non automatic tumble dryer	Automatic tumble dryer
EU Ecolabel (If applicable)	N/A
Energy consumption of the standard cotton programme at full and partial load	4.1 kWh (full) 2.4 kWh (partial)
Power consumption of the off-mode (P o) and on the left-on mode (P I) for the standard cotton programme at full load	Power consumption in off-mode 0.1 W and in left-on mode 0.5 W
The duration of the left-on mode if the appliance is equipped with a power management system	0 min
Indication that the "standard cotton programme" used at full and partial load is the standard drying programme to which the information within the label & fiche relates, that this programme is suitable for drying normal wet cotton laundry and that it is the most efficient programme in terms of energy consumption for cotton	The programme Cottons cupboard dry used at full and partial load is the standard drying programme to which the information in the label and the fiche relates, this programme is suitable for drying normal wet cotton laundry and is the most efficient programme in terms of energy consumption for cotton
The weighted programme time (T t) of the standard cotton programme at full and partial load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the	Weighted programme time of the standard cotton programme at full and partial load: 101 min
If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class	N/A
If the appliance is a condenser tumble dryer, the average condensation efficiency class - "standard cotton programme	N/A
Noise Level (dB(A)) for the standard cotton programme at full	65 dB(A)
Built-In	Freestanding
