|--|---------------------------|
| <b>Product Information Sheet</b>                   |                           |
| Delegated regulation(EU)st.65/2014                 |                           |
| Supplier's name or trade mark:                     | Belling                   |
| Model identifier:                                  | BEL MRA FARMHOUSE 60E BLK |
| SKU Code   | 444411810                 |
| Number of cavities                                 |                           |
| <b>Cavity 1</b>                                    |                           |
| Energy Efficiency index                            | 91.3                      |
| Energy efficiency class                            | A                         |
| Energy consumption per cycle -conventional heating | 0,63kW/h                  |
| Energy consumption per cycle -fan heating          | /                         |
| Heat source for the baking area                    | Electricity               |
| Usable volume for baking                           | 33L                       |
| Lighting type                                      | Halogen                   |
| Energy efficiency class of a light source          | G                         |
| <b>Cavity 2</b>                                    |                           |
| Energy Efficiency index                            | 94                        |
| Energy efficiency class                            | A                         |
| Energy consumption per cycle -conventional heating | /                         |
| Energy consumption per cycle -fan heating          | 0.79kW/h                  |
| Heat source for the baking area                    | Electricity               |
| Usable volume for baking                           | 70L                       |
| Lighting type                                      | Halogen                   |
| Energy efficiency class of a light source          | G                         |
| <b>Cavity 3</b>                                    |                           |
| Energy Efficiency index                            | /                         |
| Energy efficiency class                            | /                         |
| Energy consumption per cycle -conventional heating | /                         |
| Energy consumption per cycle -fan heating          | /                         |
| Heat source for the baking area                    | /                         |
| Usable volume for baking                           | /                         |
| Lighting type                                      | /                         |
| Energy efficiency class of a light source          | /                         |
