

Product name / Commercial code

CBTD7 VW-80

Brand	Candy
Cotton capacity (kg)	7
Type of dryer	Vented
Energy efficiency class	C
Annual Energy Consumption (kWh) (1)	519
Automatic dryer	No
Energy Cons. kW/h cycle full load (2)	4.48
Energy Cons. kW/h cycle half load (2)	2.32
Power consumption off mode (W)	0
Power consumption stand by (W)	0
Weighted programme time	140
Nomative drying time (min) full load	130
Nomative drying time (min) half load	75
Condensation efficiency class (from G as min to A as max)	-
Weighted condensation efficiency %	0
Average condensation efficiency % full load	
Average condensation efficiency % partial load	
Noise level (dB(A))	62
Built in / free standing model	Built-in

1) based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low-power modes. Actual energy consumption per cycle will depend on how the appliance is used 2) The 'standard cotton programme' used at full and partial load is the standard drying programme to which the information in the label and the fiche relates. This programme is suitable for drying normal wet cotton laundry and it is the most efficient programme in terms of energy consumption for cotton.
