

## Product fiche according to regulation EU No. 1061/2010)

Suppliers name or trade mark	Haier
Supplier's model identifier	<b>HW120-B1558</b>
Rated capacity (kg)	12 (8 lower drum, 4 upper drum)
Energy efficiency class	A+++
Energy consumption per year (AE <sub>c</sub> in kWh/year) <sup>1)</sup>	198
Energy consumption of standard cotton programme 60°C, full load (kWh/cycle)	0.95
Energy consumption of standard cotton programme 60°C, partial load (kWh/cycle)	0.93
Energy consumption of standard cotton programme 40°C, partial load (kWh/cycle)	0.72
Weighted power consumption of the off mode (W)	0.35
Weighted power consumption of the left-on mode (W)	2.75
Water consumption per year (AW <sub>c</sub> in L/year) <sup>2)</sup>	11840
Spin-drying efficiency class <sup>3)</sup>	B
Max. spin speed (rpm) <sup>4)</sup>	1500
Remaining moisture content (%) <sup>4)</sup>	53.7
Standard 60°C cotton programme <sup>5)</sup>	12 kg <span style="border: 1px solid black; padding: 2px;">Standard</span> 60 °C
Standard 40°C cotton programme <sup>5)</sup>	12 kg <span style="border: 1px solid black; padding: 2px;">Standard</span> 40 °C
Programme time of cotton 60°C full load (min)	286
Programme time of cotton 60°C partial load (min)	274
Programme time of cotton 40°C partial load (min)	270
Duration of the left-on mode (T <sub>l</sub> in min) <sup>6)</sup>	10
Airborne acoustical noise (washing/spinning) in dB(A) re 1pW <sup>7)</sup>	58/72
Type	freestanding

- 1) Based on 220 standard washing cycles for cotton programmes at 60°C and 40°C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.
- 2) Based on 220 standard washing cycles for cotton programmes at 60°C and 40°C at full and partial load. Actual water consumption will depend on how the appliance is used.
- 3) Class G is the least efficiency and Class A is the most efficient.
- 4) Based on the standard 60°C cotton programme at full load and the standard 40°C cotton programme at partial load.
- 5) "Standard 60°C cotton programme" and "standard 40°C cotton programme" are standard washing programmes to which the information in the label and fiche relates. These programmes are suitable to clean normally soiled cotton laundry and they are the most efficient programmes in terms of combined energy and water consumption.
- 6) In case there is a power management system.
- 7) Based on the standard 60°C cotton programme at full load.

## Additional technical data

Dimension (HxWxD in mm)	1280x600x600
Voltage / current	220-240 V/50 Hz/10 A
Max. power (W)	2100
Water pressure (MPa)	0.03 - 1.0
Net weight (kg)	116

## Environmentally responsible use

- ▶ To achieve best use of energy, water, detergent and time you should use the recommended maximum load size.
- ▶ Do not overload (hand width clearance above laundry).
- ▶ For slightly soiled laundry select the Quick Wash programme.
- ▶ Apply exact dosages of each washing agent.
- ▶ Choose the lowest adequate washing temperature - modern detergents are efficiently cleaning below 60°C.
- ▶ Raise default settings only due to heavy staining.
- ▶ Select max. spinning speed if a domestic dryer is used.
