

MEET THE EVERYDAY CLASSIC PRESERVER

Quality clothes are made to be worn, but everyday pieces need care to maintain their condition. Whether you wash one shirt or a full load, AEG washing machines will adjust the cycle accordingly, reducing wear and tear by taking the minimum amount of time, water and energy necessary for a thorough clean. Keeping clothes looking

Product Benefits & Features

CARING FOR CLOTHES. SAVING WATER AND ENERGY

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

- Maximum spin speed: 1400 rpm
- Extremely low consumption values: 0.73 kWh, 45 l for program cotton 60°C with 7 kg load
- * 20% more energy-efficient (36,5) compared to the limit of energy efficiency class A+++ (EEl 46) calculated according to EU Regulation 1061/2010
- Washing capacity: 7 kg
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Eco 40-60, Cottons, Synthetics, Delicates, Wool\Silk, 20min 3Kg, Cotton 20, Duvet, Easy Iron, Spin/Drain
- Extra rinse option
- Stains treatment option
- Out of balance control of the drum load
- Digital LCD display
- Fuzzy Logic technology, adapting to the load
- Delay start option
- Anti-foam rinse system
- Number of detergent dispenser compartments: SHORT 3
- Child lock
- Feet: 4 adj feet
- Anti-flood protection
- Inverter motor for increased performance and extremely silent working

PROTECTION FOR YOUR CLOTHES

All AEG machines have our ProTex gentle drum, specially designed to take care of your clothes. Gentle water jets lift and protect your laundry as it washes. With more holes than standard machines, our drum reduces the stretching of fabric, maintaining the shape and texture of clothes during spin

Inverter motor for a longer lifetime

The inverter motor in this appliance works without brushes and at a cooler temperature. The advantage is that this extends the working life of the motor, ensuring it can continue to deliver the same silent performance for longer.

CHOOSE THE RIGHT TIME TO WASH

Delay Start gives you the freedom to do your washing at the time you prefer by allowing you to automatically set the start time of your washing cycle.

Convenient loading and unloading with extra-large door opening

The extra-large door opening in this washing machine makes it much easier to load and unload your laundry, even when you're washing bulky items such as pillows, sheets and duvets.

Product Specification

Product Installation	Free_Standing	Spin speed	1200, 1400, 800, No spin, Rinse hold
Product Typology	Front_Loaded_Full_Size	Indicators display	LCD digit display
Product Classification	Core	Indicators other	Start/Pause, Rinse only, Prewash, Stain, Rinse hold, No spin, Spin 3, Spin 2, Spin 1, Cold, Temperature 1, Temperature 4, Temperature 3, Temperature 2
Installation	FS	Display type	LCD digit display
Washing technology	Eco valve	Height total	850
Rinse system	Anti-foam system	Width mm	600
Cabinet type of	HEC 54 XXL	Depth mm	575
Design family	P one	Cabinet material	Steel
Design level	LEVEL I	Tub material	Carboran
Main colour	White	Drum volume	53
Panel colour	White	Washing capacity (kg)	7
Front door	XXL White		
Porthole type of	XXL White
