**Product Information Sheet** 

COMMISSION DELEGATED REGULATION (EU) 2019/2014 General product parameters: Parameter Value Parameter Rated capacity Rated capacity (kg) Dimensions in cm Rated washing 10,5 capacity 47,7 Energy Efficiency Index Energy efficiency class 66,4 1,031 Rinsing effectiveness (g/kg dry Washing efficiency index textile) 1,050 Energy consumption in kWh per kg per cycle, Energy consumption in kWh per kg p for the washing cycle of the household washe for the wash and dry cycle of the houwasherdryer at a combination of full a dryer, using the eco 40-60 programme at a combination of full and partial loads. Actual loads. Actual energy consumption wil energy consumption will depend on how the on how the appliance is used Water consumption in litre per cycle, wash and dry cycle of the household Water consumption in litre per cycle, for the eco 40-60 programme at a combination of full dryer at a combination of full and hal and partial loads. Actual water consumption Actual water consumption will depend the appliance is used and on the hard will depend on how the appliance is used and on the hardness of the water the water Rated washing 27 Maximum temperature inside the treated textile (°C) capacity Weighted remaining moisture content (%) Half 23 0 Quarter Rated 1400 washing capacity Spin speed (rpm) Spin-drying efficiency class Half 1400 1400 Quarter Rated washing 3:59 Eco 40-60 programme duration capacity wash and dry cycle duration (h:min) (h:min) Half 3:00 Quarter Airborne acoustical noise Airborne acoustical noise emission emissions during the spinning class for the spinning phase for the eco 40–60 programme at rated phase for the eco 40-60 washing 72 cycle at rated washing capacity washing capacity (dB(A) re 1 pW) Free-standing Off-mode (W) Standby mode (W) Delay start (W) 3,95 Networked standby (W) This product has been designed to release silver ions during the washing cycle Additional information:
