Data sheet household washing machines

In acc. with delegated regulation (EU) No. 1061/2010

Miele				
Model name / identifier	1	WSI863 WCS PWash&TDos&9kg		
Rated capacity ¹	kg	9,0		
Energy efficiency class				
A+++ (most efficient) to D (least efficient)		A+++		
Annual energy consumption (AE _c) ²	kWh/year	130		
Energy consumption of the standard "60°C				
cotton programme" at full load	kWh	0,74		
Energy consumption of the standard "60°C				
cotton programme" at partial load	kWh	0,55		
Energy consumption of the standard "40°C	1.3.4./-	0.05		
cotton programme" at partial load Weighted power consumption in off-mode (P_0)	kWh W	0,35 0,40		
Weighted power consumption in the left-on	vv	0,40		
mode (P ₁)	W	0,40		
Weighted annual water consumption $(AW_c)^3$	Litres/year	11.000		
Spin-drying efficiency class	Littes/year	11.000		
A (most efficient) to G (least efficient)		А		
Maximum spin speed ⁴	1/min	1.600		
Remaining moisture content ⁴	%	44		
Standard programme to which the information in	70	Cottons 60/40		
the label and the fiche relates 5		with arrow		
Programme time of the standard programme				
60°C cotton programme (full load)	min	179		
60°C cotton programme (partial load)	min	179		
40°C cotton programme (partial load)	min	179		
Duration of the 'left-on' mode (T _i) ⁶	min	15		
Airborne acoustical noise emissions				
Washing phase ⁷	re 1 pW	47		
Spinning phase ⁷	re 1 pW	72		
Built-in	•	-		

This product does not release silver ions during the washing cycle.

• Yes, standard feature

¹ In kg of cotton for the standard "60 °C cotton programme "at full load or the "40 °C cotton programme" at full load, whichever is the lower.

² Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.

³ Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load. Actual water consumption will depend on how the appliance is used.

⁴ Attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the lower, and remaining moisture content attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the greater.

⁵ These programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water

consumption.

⁶ If the household washing machine is equipped with a power management system.

⁷ For the standard "60 °C cotton programme" at full load.
