

# Data sheet household washing machines

In acc. with delegated regulation (EU) No. 1061/2010

| Miele  |             |                          |
|--|-------------|--------------------------|
| Model name / identifier  | WDD 025     |                          |
| Rated capacity <sup>1</sup>  | kg          | 8,0                      |
| Energy efficiency class  |             | A+++                     |
| A+++ (most efficient) to D (least efficient)   |             | A+++                     |
| Annual energy consumption (AE <sub>c</sub> ) <sup>2</sup>  | kWh/year    | 177                      |
| Energy consumption of the standard "60°C cotton programme" at full load  | kWh         | 0,90                     |
| Energy consumption of the standard "60°C cotton programme" at partial load   | kWh         | 0,88                     |
| Energy consumption of the standard "40°C cotton programme" at partial load   | kWh         | 0,53                     |
| Weighted power consumption in off-mode (P <sub>o</sub> )   | W           | 0,30                     |
| Weighted power consumption in the left-on mode (P <sub>i</sub> )   | W           | 0,30                     |
| Weighted annual water consumption (AW <sub>w</sub> ) <sup>3</sup>  | Litres/year | 10.120                   |
| Spin-drying efficiency class   |             | B                        |
| A (most efficient) to G (least efficient)  |             | B                        |
| Maximum spin speed <sup>4</sup>  | 1/min       | 1.400                    |
| Remaining moisture content <sup>4</sup>  | %           | 53                       |
| Standard programme to which the information in the label and the fiche relates <sup>5</sup>  |             | Cottons 60/40 with arrow |
| Programme time of the standard programme   |             |                          |
| 60°C cotton programme (full load)  | min         | 179                      |
| 60°C cotton programme (partial load)   | min         | 179                      |
| 40°C cotton programme (partial load)   | min         | 179                      |
| Duration of the 'left-on' mode (T) <sup>6</sup>  | min         | 15                       |
| Airborne acoustical noise emissions  |             |                          |
| Washing phase <sup>7</sup>   | re 1 pW     | 50                       |
| Spinning phase <sup>7</sup>  | re 1 pW     | 74                       |
| Built-in   |             | -                        |
| This product does not release silver ions during the washing cycle.  |             |                          |
| <ul style="list-style-type: none"> <li>● Yes, standard feature</li> </ul> <p><sup>1</sup> In kg of cotton for the standard "60 °C cotton programme" at full load or the "40 °C cotton programme" at full load, whichever is the lower.</p> <p><sup>2</sup> Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.</p> <p><sup>3</sup> Based on 220 standard washing cycles for cotton programmes at 60 °C and 40 °C at full and partial load. Actual water consumption will depend on how the appliance is used.</p> <p><sup>4</sup> Attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the lower, and remaining moisture content attained for the standard "60 °C cotton programme" at full load or the standard "40 °C cotton programme" at partial load, whichever is the greater.</p> <p><sup>5</sup> These programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water consumption.</p> <p><sup>6</sup> If the household washing machine is equipped with a power management system.</p> <p><sup>7</sup> For the standard "60 °C cotton programme" at full load.</p> |             |                          |
